The image shows the interior of a Riva Ego Super 68 yacht. The space is characterized by extensive light-colored wood paneling on the walls and ceiling. On the left, a set of wooden stairs leads up to a higher level. In the center, there is a dining area with a glass-topped table and four white chairs. To the right, a large, L-shaped cream-colored leather sofa is positioned against the wall, featuring two brown cushions. In the background, a kitchen area with dark cabinetry and a sink is visible. The ceiling is fitted with several recessed spotlights, and a large skylight allows natural light to enter the space.

DESCRIPTION

Built by the iconic Italian shipyard in 2010, highlighted by the contrast between the black coloured hull and black/cream superstructure.

A sleek, sporty yacht, performance is key to the Ego Super; overpowered by twin 1.550 hp MAN engines, she can reach a top speed of 39 knots. Ego Super has available two cabins that sleep 4+1 guests, including a full beam master cabin with large hull glazing to let in plenty of natural light and offering magnificent views whilst cruising. This 21m yacht has a sophisticated interior with white leather sofas and teak-veneered furniture. The harmony of shape and elegance of space on the Ego Super, have been matched by means of a careful, in-depth study of each and every detail and solution. Refit 2020.
